

Commercial Club Boat Investment

Add your own boat to Agapi's fleet.
A way to have your boat in a smart
setup and to transform the chore of
owning it into a fun investment.

AGAPI

BOAT CLUB

Monetize your asset

Your own boat as part of Agapi Boat Club fleet. The best of two worlds.

A growing share of the Agapi Boat Club fleet is owned by our members. The reason is simple. Agapi offers you the opportunity to experience a smart and rich boating life on highly attractive terms – year over year.

Let your boat be a part of the market's most exclusive Boat Club. This is a unique way for you – wherever you live, and whether your boat is privately or corporate owned – to become a part of Agapi Boat Club's international network.

You get access to Agapi's premium fleet and exclusive water sport devices in multiple harbours around the world. It also means that you can continue to enjoy all the benefits of owning your boat, and at the same time generate a steady revenue while you are fully released from all boating-related hassle and greatly reduce your financial risk. Our revenue sharing system means when you aren't using the boat, it can be earning you money.

Enjoy the best of both worlds

Transform the chore of owning a boat into a fun investment!

- Enjoy all the benefits of owning your boat.
- Take part of revenue sharing.
- Minimize your financial risk.
- Savor peace of mind and a hassle-free boating life.
- Gain access to Agapi's premium fleet worldwide and unlimited all year-round boating in multiple regions.

Whether privately or corporate owned, activating your boat in the club is very simple.

How does it work

- 1 Activate your boat in Agapi's fleet**
Our concept allows you to activate your boat in our fleet. The boat must be approved by Agapi as its brand standard and recognition should be in line with Agapi Boat Club's strategy and selection criteria. Further, the boat should not be older than three years.
- 2 Your ideal boating life**
Together we frame what makes most sense for you depending on your boating needs as well as any specific boating requirements in your home region. Examples of things to consider are:
 - Boat availability
 - Mooring
 - Insurance
 - Winter storage
 - Agapi Boat Club membership level
- 3 Agreement**
You sign a contract with Agapi Boating AB or our local Franchise partner.
- 4 Hassle-free boating**
Once the contract is signed, Agapi will fully manage and take care of your boat for you.
- 5 Renewal**
If both parties agree, the contract is renewed every second year.

You commit to

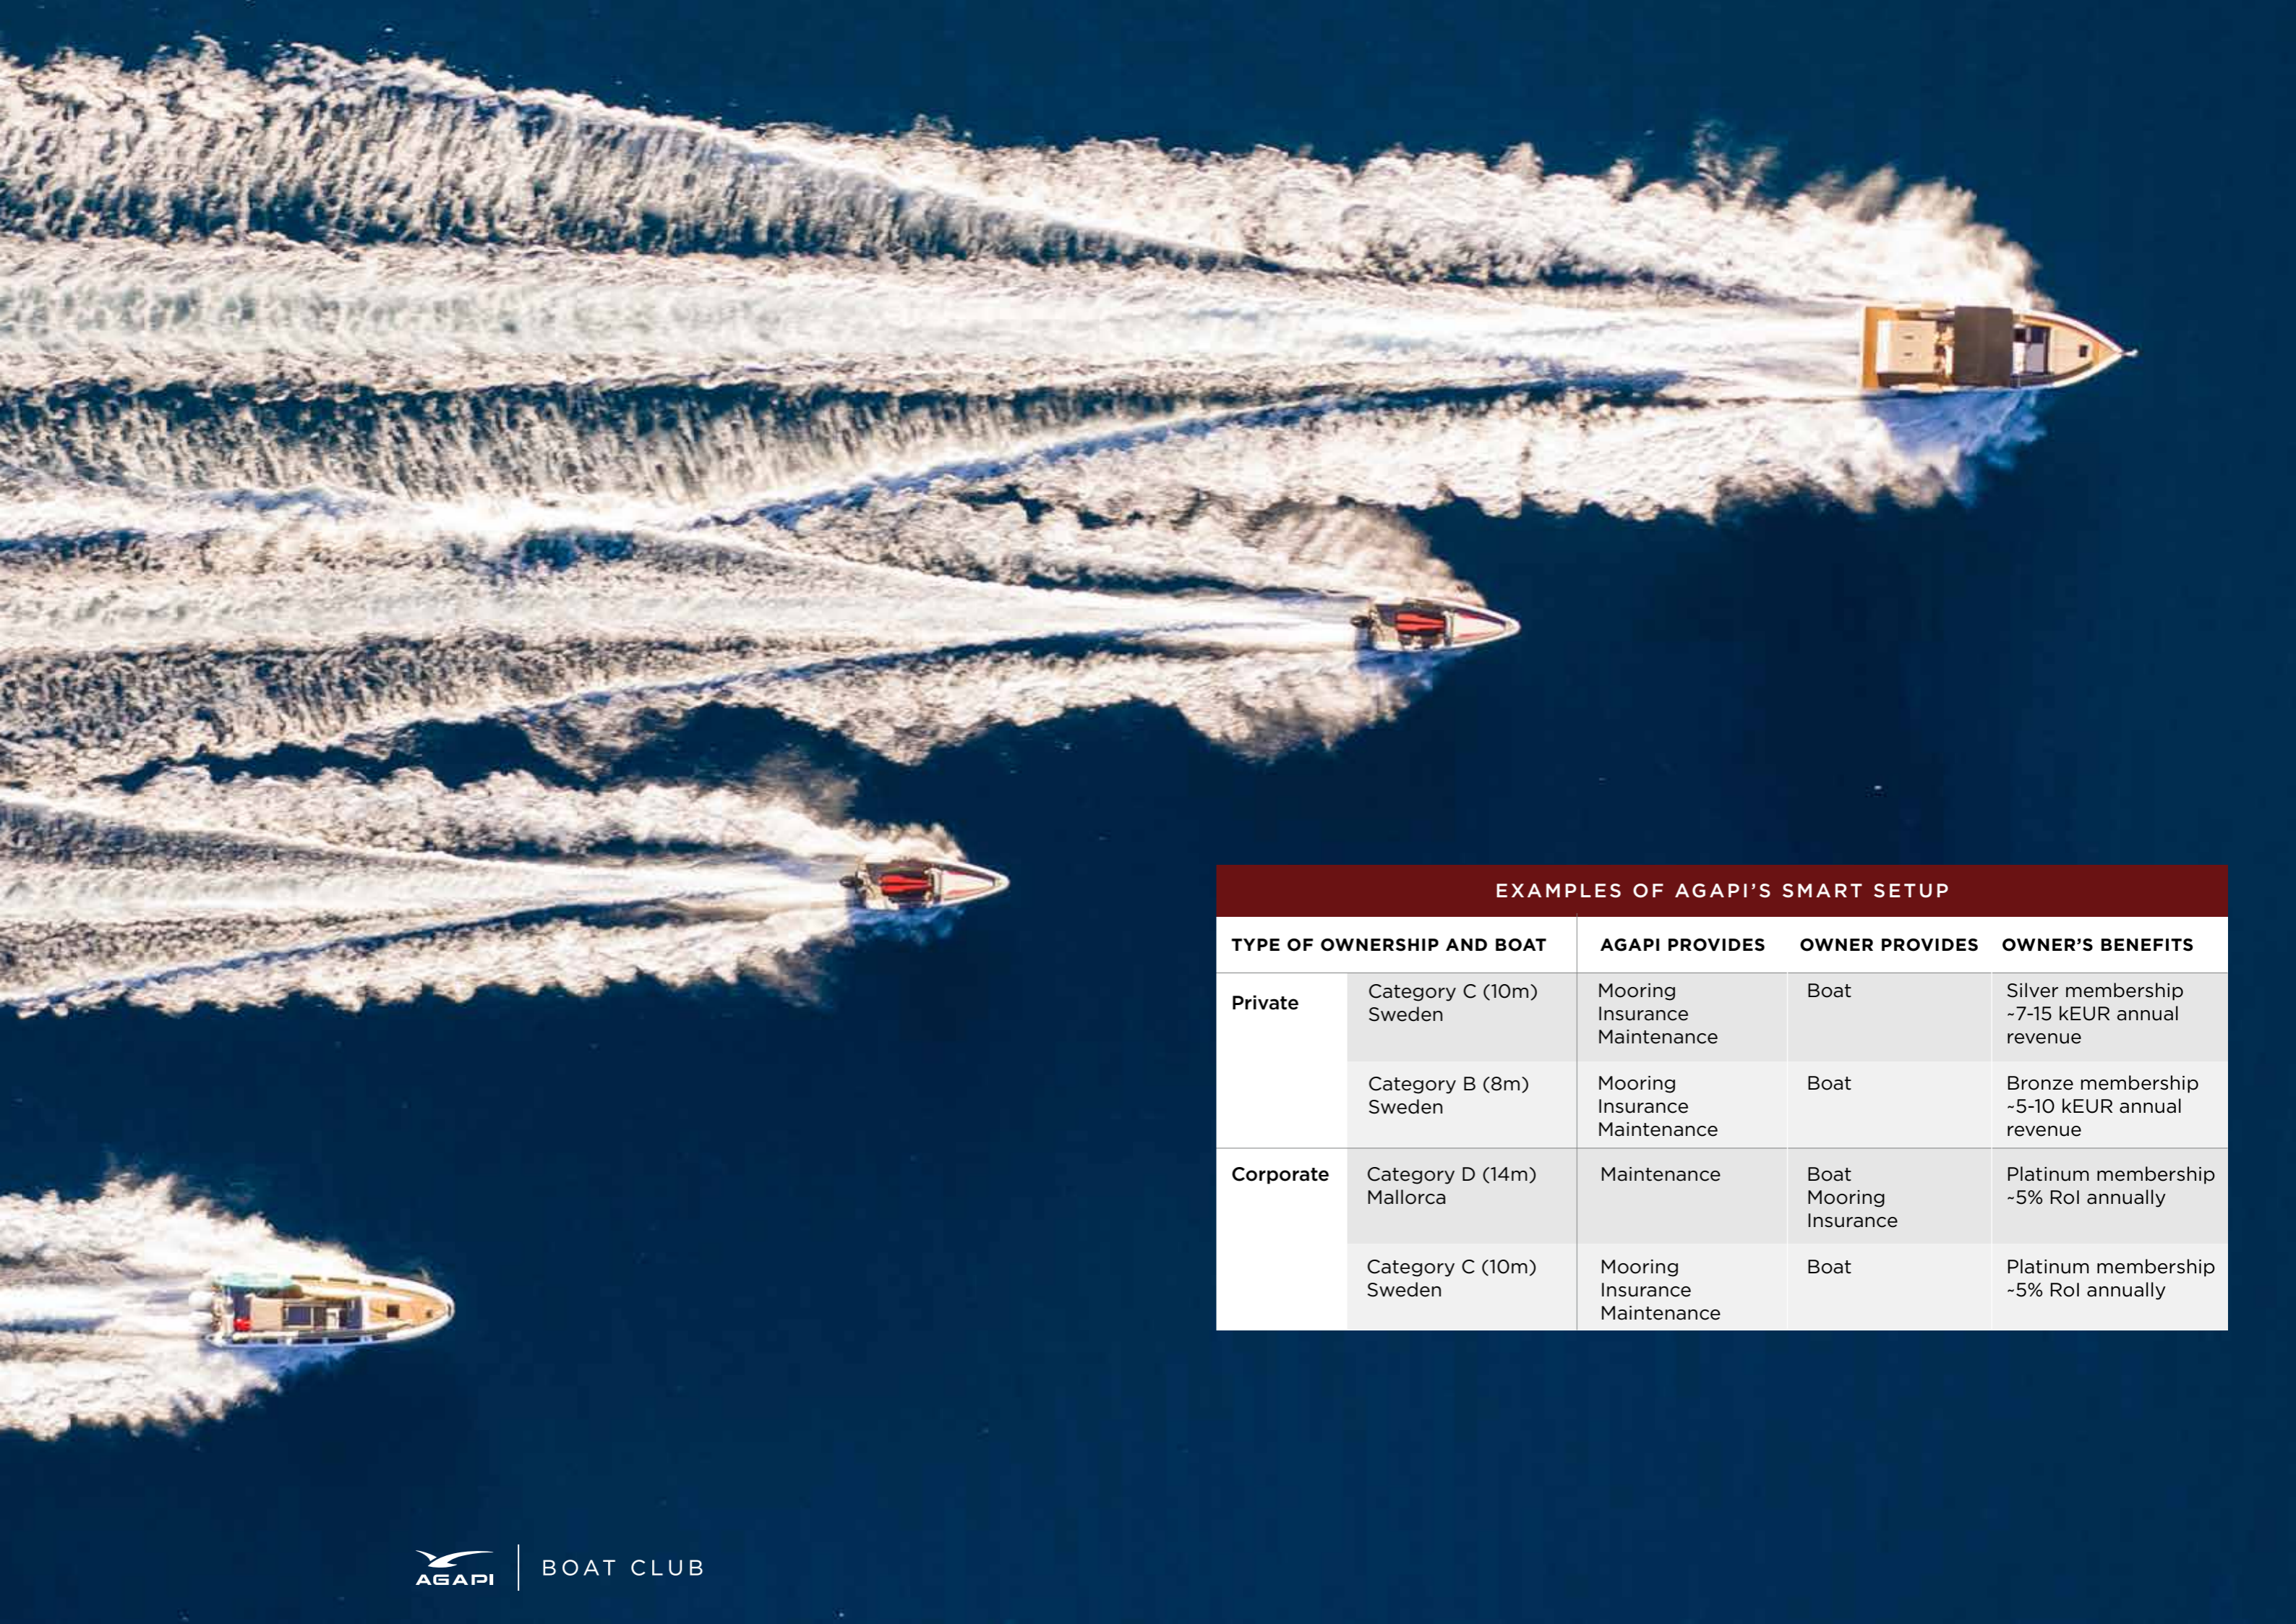

1. Make your boat available for a renewable period of two years.
2. Make your boat available for at least 50% of the season.
3. The boat must be equipped with the standard Agapi Boat Club kit to ensure compliance with the Agapi Way and alignment with all regions.
4. Provide mooring or insurance depending on regional and contract specifications.

Agapi commits to

1. Assure professional maintenance and care of your boat. You will always get onboard a clean and refueled boat.
2. Your boat is in safe hands. Only members approved by Agapi will have access to your boat. Each and every member's qualifications are validated, each single trip is monitored from a quality and safety point of view.
3. Revenue sharing by setting a fixed compensation per engine-hour or a split of membership revenues.
4. Handle both insurance and warranty issues.
5. Provide you with booking access through Agapi's app, for both owner's usage or charter bookings.

BOAT CLUB
