Why Agapi PayGo

Agapi's PayGo membership plan is designed for members that want to enjoy a boating life based on total freedom. Yet, wanting to secure access to premium boats in attractive harbours when the time is right to go out boating.

As a PayGo member, you only pay a small annual membership fee and instead, you pay each time that you use the boat. Our PayGo pricing scheme depends on the boat category and the region.

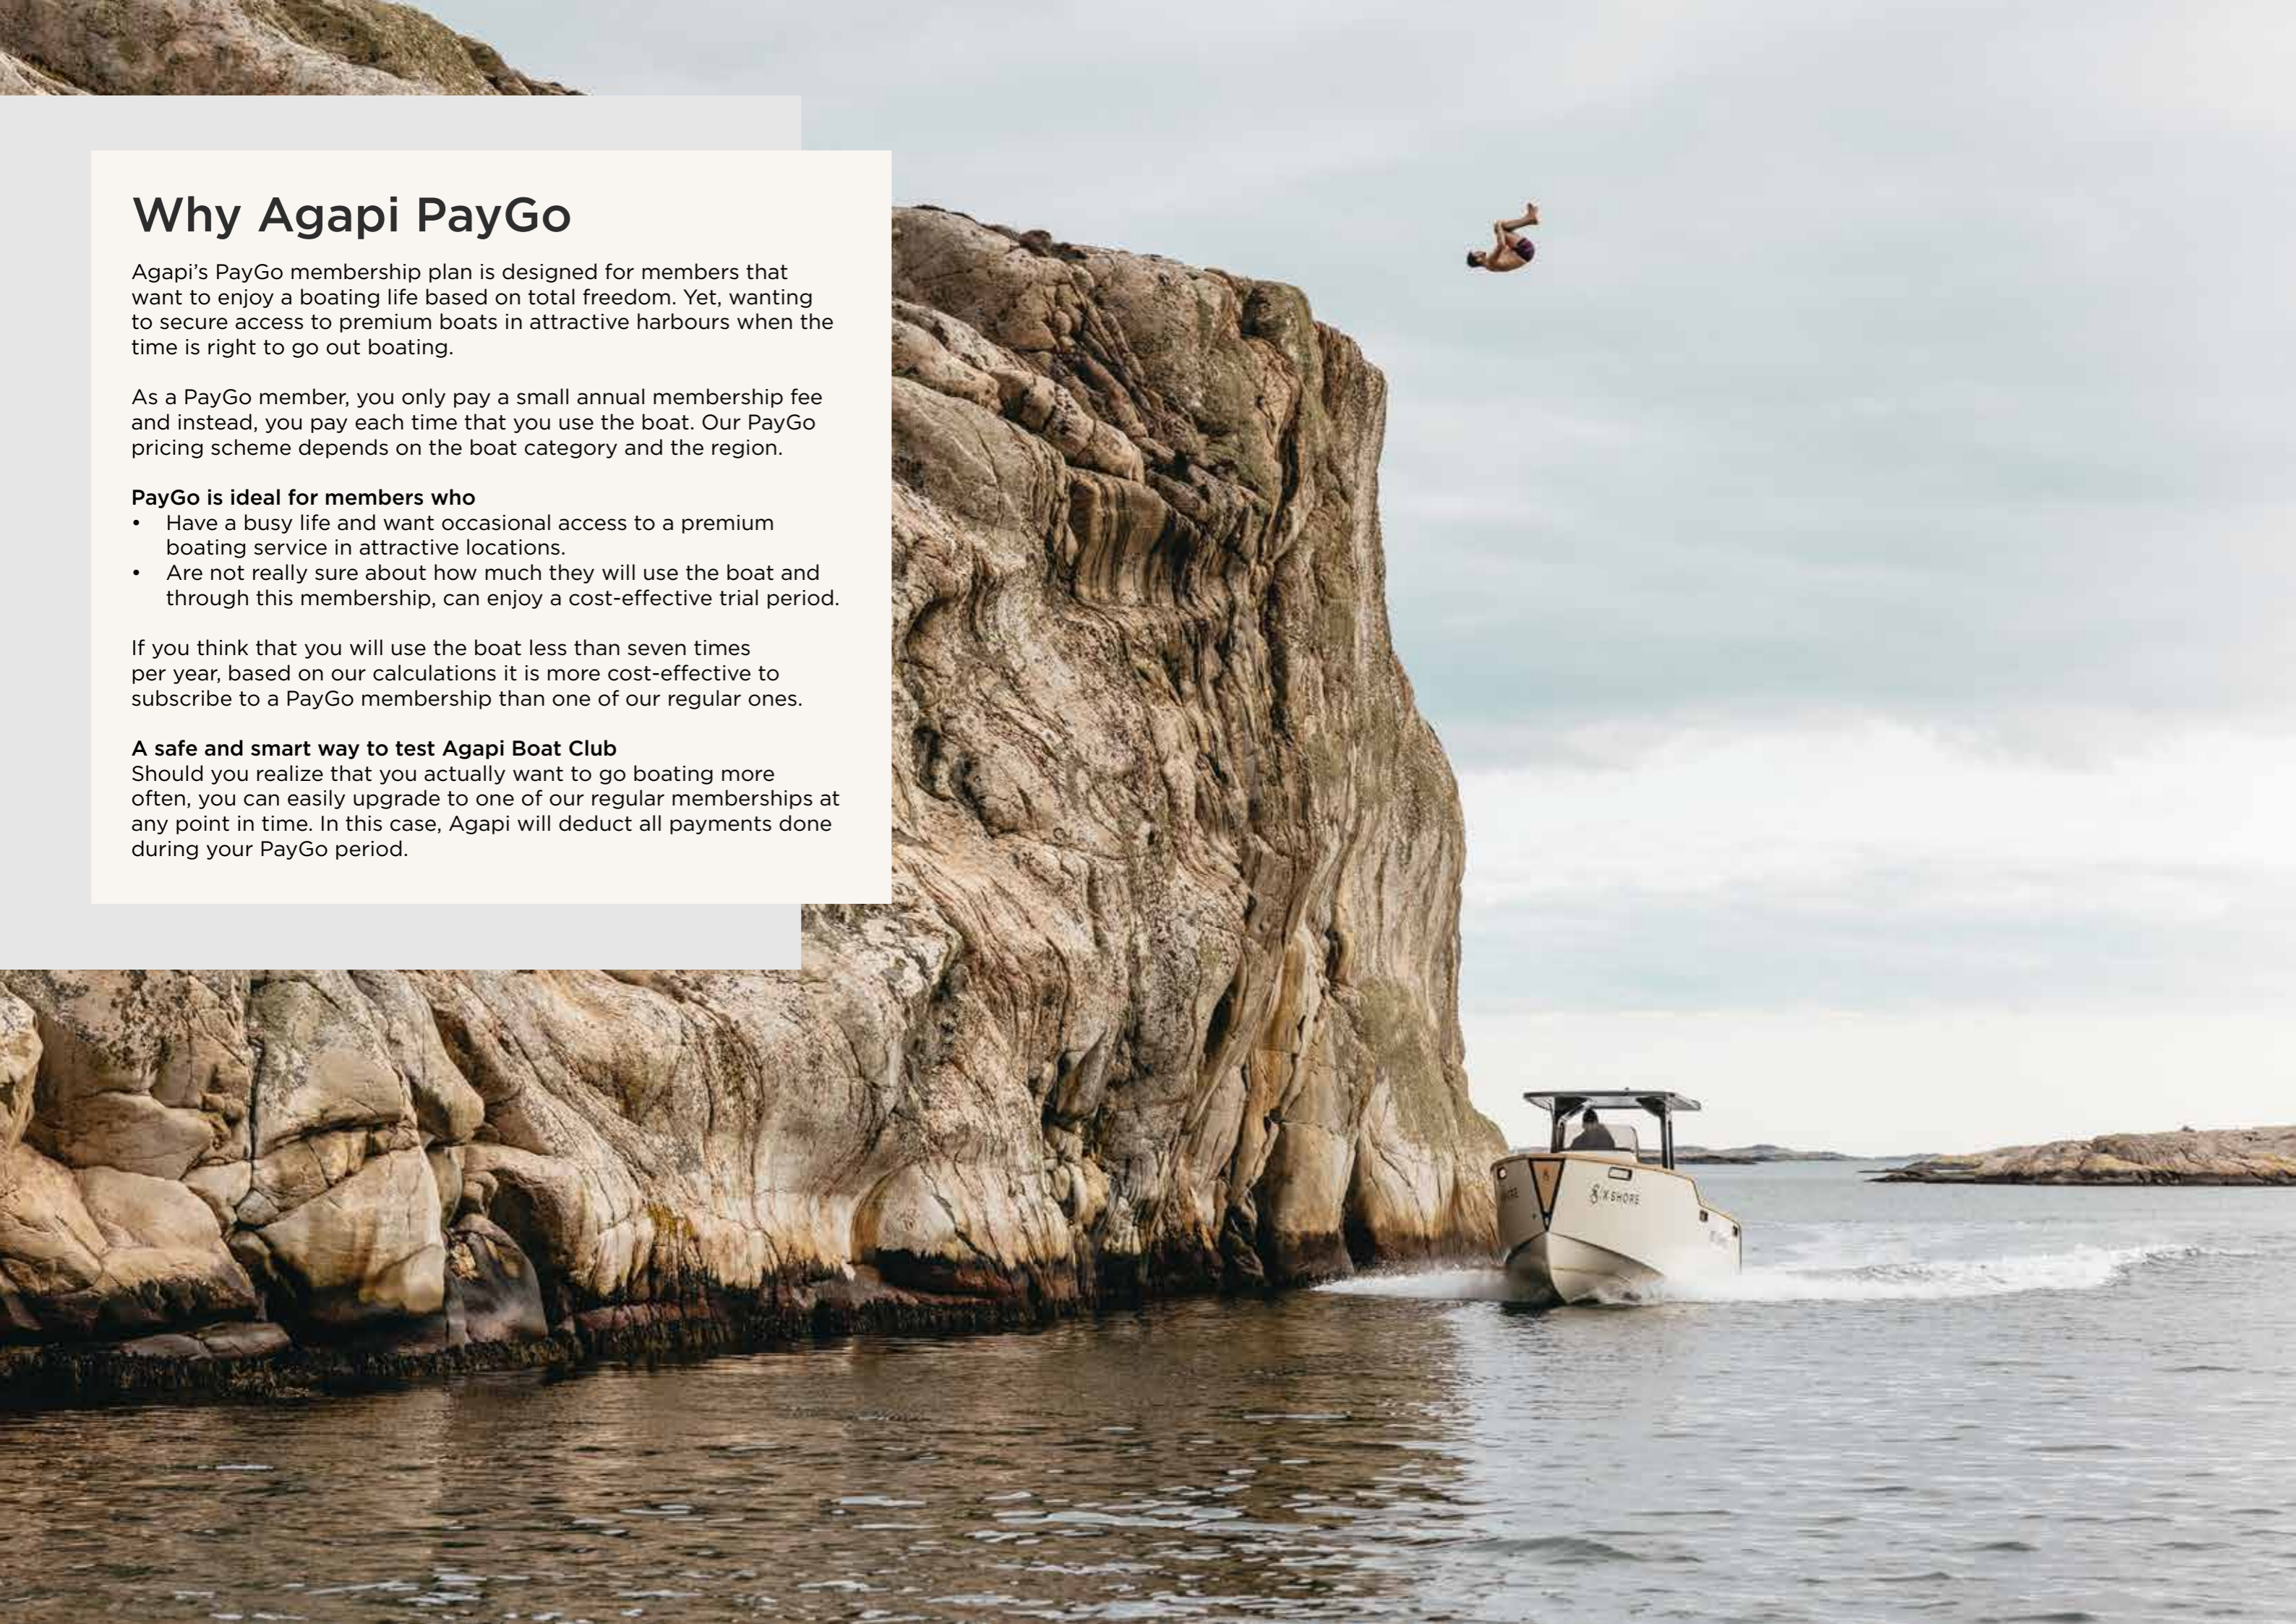

PayGo is ideal for members who

- Have a busy life and want occasional access to a premium boating service in attractive locations.
- Are not really sure about how much they will use the boat and through this membership, can enjoy a cost-effective trial period.

If you think that you will use the boat less than seven times per year, based on our calculations it is more cost-effective to subscribe to a PayGo membership than one of our regular ones.

A safe and smart way to test Agapi Boat Club

Should you realize that you actually want to go boating more often, you can easily upgrade to one of our regular memberships at any point in time. In this case, Agapi will deduct all payments done during your PayGo period.

How does it work

- 1 Onboarding**
 Even though PayGo could be perceived as a high-end renting service, it is a part of the Agapi Boat Club routines and culture. The Agapi Way of respect and responsibility, requires that all members are onboarded and understand our values. The mandatory onboarding has a one-time fee of 495 Eur and includes a digital training, three hours at sea with an Agapi instructor and one hour introduction of our booking systems and routines.
- 2 Routines and procedures**
 All routines for PayGo members are based on "The Agapi Way". The Agapi Way is the contractually binding set of rules and processes that must be well known, and followed, by every member of Agapi Boat Club.
- 3 Insurance**
 All boats are insured by Agapi with an insurance excess per incident. This insurance excess can be reduced by purchasing an additional yearly fee depending on the chosen boat category.
- 4 Cash-points**
 As a member you get a 10% discount if you buy Agapi cash-points (1 cash-point = 10 cents) of a value of 30.000 or more (3.000 EUR). These cash-points can be used for payment in all our regions and if not used during a year, the cash-points roll over to the next season. This is the most convenient way to use PayGo to avoid payments for each separate time.

BOAT CLUB

Price list

All prices quoted in EUR and include VAT.
