2023

An exclusive boat life

When you become a member of Agapi Boat Club, you get a more exclusive and flexible boating life.

As a member of Agapi Boat Club, you have access to a large selection of premium boats and exclusive harbours, but you don't have to worry about maintenance, winter storage, service, berth and insurance. You can even let us refuel and clean the boat for you.

Enjoy as many boat days as you want. With us, you get a boating season that lasts all year round!

Unlimited access to premium
boats from any of our Boat Club
Centres all year round

Boating without borders

Agapi Boat Club opens up a new world of boating without borders. With our global boating roaming you get access to extraordinary boats in all our harbours around Mallorca, Menorca and Marbella, as well as in any of our international centres in Sweden, Finland, Great Britain, Greece and Malta.

As a member, you get unmatched access to an unprecedented boating life in a fun and safe way.

Ready to discover new waters with Agapi?

|  Fuelling |  Education |
|  Water sports |  Captain service |

How do I become a member?

- 1 Choose your membership type**
Choose between a standard Club membership, a Business membership, or a PayGo membership depending on your boating preferences and needs.
- 2 Customize your membership plan**
Start by choosing between our boat categories A,B,C or D based on the boat model and size that you prefer. Lower categories of boats are always included, and you can upgrade your membership plan at any point in time. Then customize your plan choosing between the different levels of services that we offer. If not already included, you can also add any of our optional services such as cleaning, refuelling or water toys to enjoy your favorite sport at sea.
- 3 Book your onboarding**
Onboarding is mandatory and it takes place in two phases. One is a virtual training where you learn all about 'The Agapi Way', our routines, our values, the boats and recommendations for a fun and safe boating life. The second one is a three-hours training onboard with an experienced Agapi boat instructor where we make sure that you feel comfortable with the selected boat category.

Once you completed all steps you are ready to go boating all year round!

Sustainability at heart

To transform boating into a more sustainable industry long term is one of Agapi's core missions, and we do this by looking at the entire ecosystem, starting from the modern boater, boat manufacturers, the marinas and the environment.

Consumers are increasingly attracted by companies that put sustainability high on their agendas and the new generations demand to work for environmentally and socially responsible companies.

By combining our sharing concept for premium boating with the electrification of our fleet, we are both driving the disruption and accelerating a sustainable business model in the boat market.

Why a Club membership

Boating should be easy, fun and fill you with joy. A boat club membership is simply the natural choice for modern boaters. Free yourself from maintenance, winter storage, servicing, insurance, cleaning, fueling, paying for a mooring, and financial risks. Instead give yourself only the the best aspects of being at sea, focus on the fun and leave the rest to us. An Agapi Boat Club membership is simply a better, smarter and more sustainable way of boating.

Choose the membership plan that best suits your boating needs and budget. Our Club membership delivers all year-round boating season. Start from your home harbour or from any of our Club Centres across Europe and enjoy as many boating days as you want.

Our versatile fleet of premium boats from 6-14 metres including electrical boats, offers you the possibility to choose the one that best fits your outing. In this way you can also contribute to reduce the environmental impact of each boat trip.

A Club membership is much more than going out with the boat, it is a community of boaters with minds-alike with a deep love and respect for boating. Join our Boat Club and get access to Agapi Academy for accelerated learning, Agapi Routes for easy and safe navigation, and Agapi Events for networking.

Why a Business membership

Is it possible to combine boating with business? Yes it is. Agapi Business Club offers you a network for an active business life.

Invite your customers or take your team to a fantastic experience at sea. Choose the boat that is best suitable for your business venue and be your own Captain or book one through Agapi. We have a strong network of selected partners who can offer you creative meeting places in the perfect marine environment to suit your business needs.

Our Business membership is ideal if you,

- Want to enhance a business opportunity, offer an unforgettable event, value networking, or want to socialize with customers and employees in a marine environment.
- Want to offer a unique benefit to your team members. In addition, as an Agapi Business member you will receive a comprehensive boating education through Agapi Academy.

By subscribing to an Agapi Business membership, your company gets access to our premium fleet in any of our harbours and to our networking activities all year round. We take care of everything around your boating experience, while you can fully focus on creating the right conditions for your business meeting.

Why a PayGo membership

Agapi's PayGo membership plan is designed for members that want to enjoy a boating life based on total freedom. Yet, wanting to secure access to premium boats in attractive harbours when they want to go boating.

As a PayGo member, you only pay a small annual membership fee and then you pay each time that you use the boat. Our PayGo pricing scheme depends on the boat category and the region.

PayGo is ideal for members who,

- Have a busy life and want occasional access to a premium boating service in attractive locations.
- Are not really sure about how much they will use the boat and through this membership can enjoy a cost-effective trial period.

If you think that you will use the boat more than seven times per year, based on our calculations it is more cost-effective to subscribe to our standard Club membership than to a PayGo one.

A safe and smart way to test Agapi Boat Club

Should you realize that you actually want to go boating more often, you can easily upgrade to one of our regular Club memberships at any point in time. In this case, Agapi will deduct all payments done during your PayGo period.

Price list Club memberships

All prices are quoted in EUR including VAT. Prices are subject to change. For the latest price list please visit www.agapiboatclub.com.

Once you select your boat category, you will have access to the boats in smaller categories.

** Paddle board, water skis, wakeboard and ring.
*** iAqua, E-Surfboard and E-Foil.

How do I book my boat trips?

All memberships include an unlimited number of bookings that can be done in various ways:

SPONTANEOUS BOOKING

All memberships include an unlimited number of so-called spontaneous bookings. These are 1-24 hour bookings that you can make within 24 hours of departure if there are boats available. In practice, this gives you the opportunity to go boating every day all year round.

PLANNED DAY

Can be booked in advance to secure a specific boat model, date or harbour. This type of booking can be re-used once the trip is completed (or canceled) and thus your Planned day becomes available for re-booking. The number of Planned days included depends on the membership level.

EXTRA DAY

Extra days can be used to book longer periods, such as an entire week or to book several specific dates. It is important to note that when an Extra day has been used, it is considered consumed and cannot be re-used. The price for an Extra day depends on the boat model, season and region.

OPTIONALS

BOAT CATEGORY B	4 500	45 000
BOAT CATEGORY C	6 000	60 000

→

THIS IS HOW IT WORKS

1

Onboarding

Even though PayGo could be perceived as a high-end renting service, it is a part of the Agapi Boat Club routines and culture. The Agapi Way requires that all members are onboarded and understand our values. The mandatory onboarding has a one-time fee of 4,900 SEK and includes a digital training, three hours at sea with an Agapi instructor and one hour introduction of our booking systems and routines.

2

Routines and procedures

All routines for PayGo members are based on “The Agapi Way”. The Agapi Way is the contractually binding set of rules and processes that must be well known, and followed, by every member of Agapi Boat Club.

3

Cash-points

As a member you get a 10% discount if you buy Agapi Cash-points (1 Cash-point = 10 cents) of a value of 30.000 or more (3.000 EUR). These Cash-points can be used for payment in all our regions and if not used during a year, the Cash-points roll over to the next season. This is the most convenient way to use PayGo to avoid payments for each separate time.

Agapi Cash-points is an internal currency that allows you to earn points that you can exchange for certain services. You can use them for e.g., your yearly membership renewal, to buy Extra days in your home region or other regions, to exchange them for services as cleaning, fuelling or water sports equipment. You can also use Cash-points to upgrade your boat model or buy boating Personal Training hours.

- You can for example earn Agapi Cash-points by:
- Leaving the boat in a better condition than when you picked it up.
 - Leaving the boat filled-up with fuel even if you consumed less.
 - Assisting Agapi operations with, for example transporting boats between harbours.
 - Confirming your membership renewal before 1st November each year.
 - Referring a friend that also becomes a member.

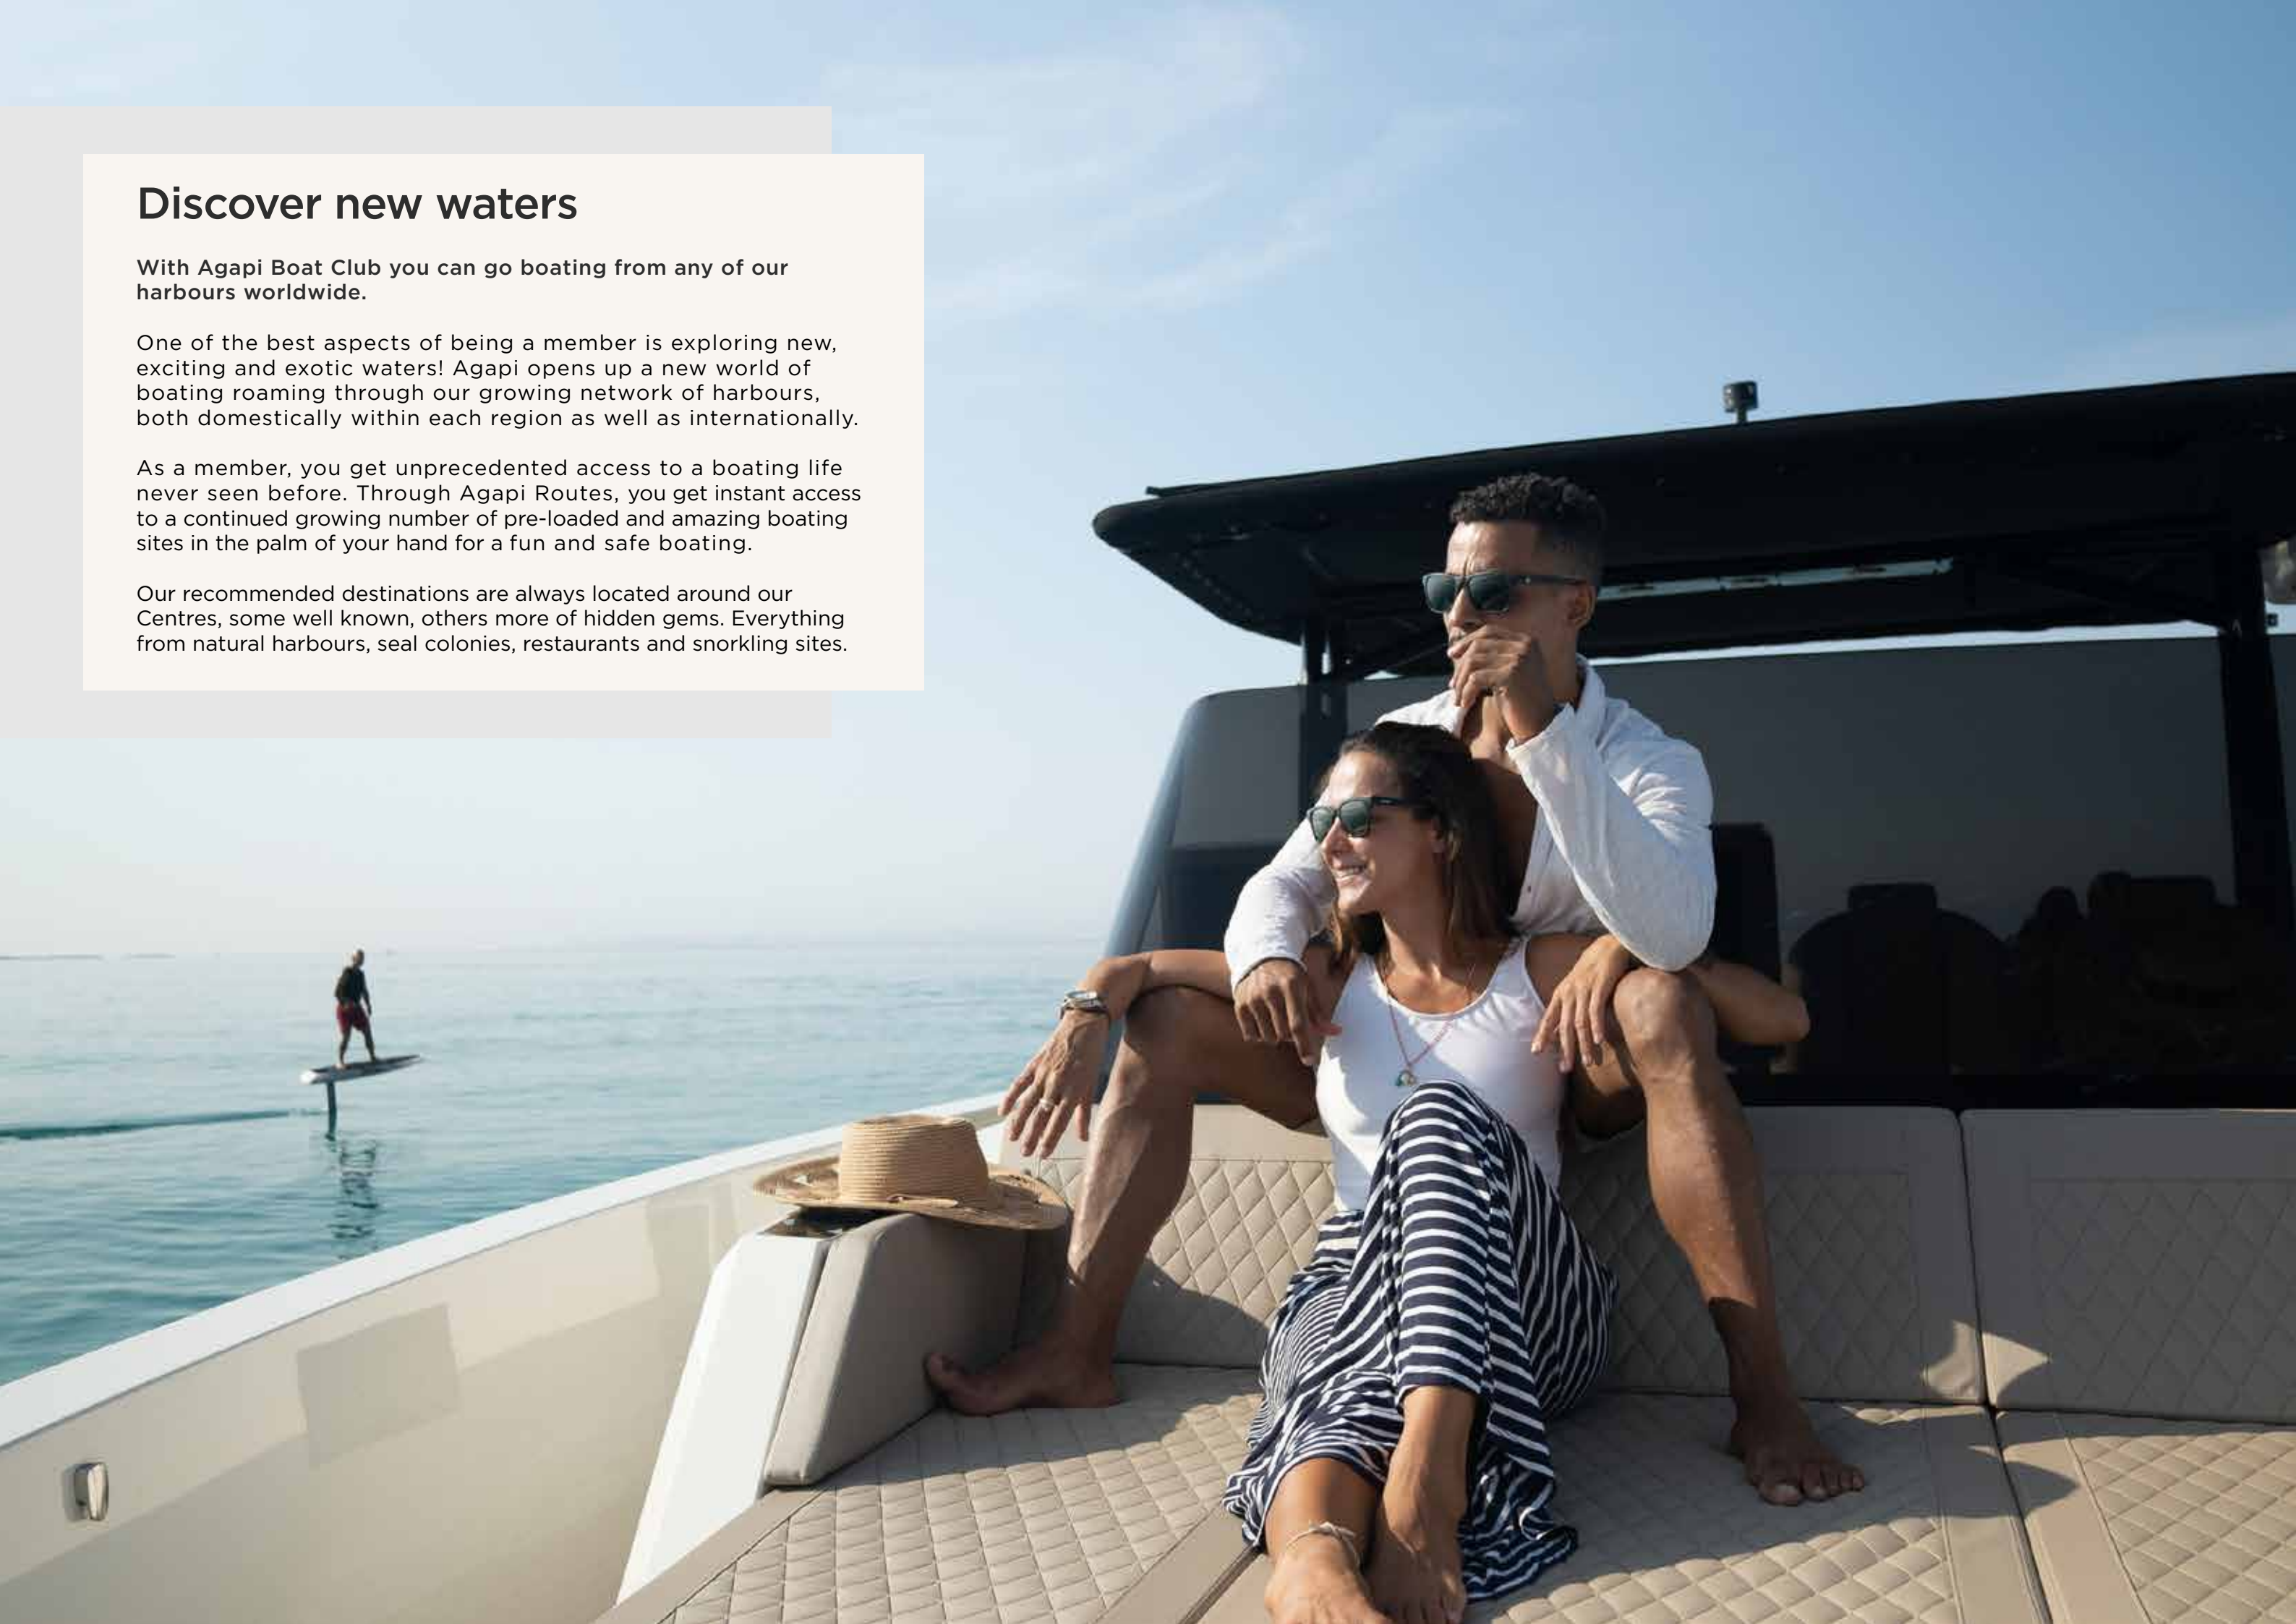

Discover new waters

With Agapi Boat Club you can go boating from any of our harbours worldwide.

One of the best aspects of being a member is exploring new, exciting and exotic waters! Agapi opens up a new world of boating roaming through our growing network of harbours, both domestically within each region as well as internationally.

As a member, you get unprecedented access to a boating life never seen before. Through Agapi Routes, you get instant access to a continued growing number of pre-loaded and amazing boating sites in the palm of your hand for a fun and safe boating.

Our recommended destinations are always located around our Centres, some well known, others more of hidden gems. Everything from natural harbours, seal colonies, restaurants and snorkling sites.

Definitions

Boats

The boats are divided into four categories A, B, C and D. Once you selected your boat category, you always have access to the boats in smaller categories. If you choose category C, for example, you will also have access to the boats in category A and B.

Onboarding

Onboarding is mandatory and includes at least 3 hours at sea with an Agapi instructor as well as 1 hour introduction of our booking systems and routines. You will also get access to our online training where you learn all about our values, routines and how the boats in your membership work.

Booking

All memberships include an unlimited number of bookings that can be done in various ways:

Spontaneous booking - All memberships include an unlimited number of so-called spontaneous bookings. These are 1-24 hour bookings that you can make within 24 hours of departure if there are boats available. In practice, this gives you the opportunity to go boating every day all year round.

Planned day - Can be booked in advance to secure access to a specific date, harbour or boat model. This type of booking can be re-used once the trip is completed (or canceled) and thus your Planned day/s become available for re-booking. The number of Planned days included depends on the membership level.

Extra day - Extra days can be used to book longer periods, such as an entire week or to book several specific dates. It is important to note that when an Extra day has been used, it is considered consumed and cannot be re-used. The price for an Extra day depends on the boat model, season and region.

Monday-Friday memberships

We offer memberships plans from Monday to Friday. This is a perfect membership for people who only wants to go out on weekdays. A price deduction of 25% will be made on the chosen membership.

Number of Captains per membership

You can always add more Captains to your membership who can book and go out with a boat on their own. To qualify as a Captain in Agapi Boat Club, the person must be 18+ years old, be registered on the same address and have undergone our onboarding. If you are interested in our Corporate memberships with multiple captains, please contact your local office for more information.

Fuelling

The boat must always be returned with at least 60% of its fuel level. If the "Refuelling" service is included in your membership, you can return the boat at a lower level, and the Agapi team will refuel it for you. As a new member you start off by topping your digital fuel account with 100 liters via debit/credit card.

Cleaning

If cleaning has not been ordered or is not included in your membership, at check-out each member is responsible for ensuring that the boat is left in good condition for the next member. Always make shore to wash the boat with fresh water at check out. If ordered or included in your membership plan, cleaning service includes general tidying, washing boat from salt or pollen, taking off or putting on covers, connecting shore power. It does not include safe mooring, locking and putting back key in key box, or leaving the boat in a negligent condition.

Water sports equipment

Agapi Boat Club has a varied range of water sports equipment which is divided into Water sports 1, including i.e. water skis, wakeboard, ring, paddle board, and Water sports 2, including i.e. electric surfboard and SeaBob. In Mallorca, level 1 is included in all our memberships. Water toys level 2 (electric surfboard, seabob) can be bought to an additional cost.

Agapi Academy

Through Agapi Academy, you can book extra training on our boats with an experienced instructor (Boat PT). If you want to get a boating license or a coastguard certificate, we can arrange it through our partner network.

Engine hours

All memberships include 50 hours of engine usage. This is more than enough for most members considering that the normal usage for a private boat is approximately 20 hours (at Agapi Boat Club 25 hours). If the member reaches the 50 hours, a supplement is applied for an additional 10-hour engine interval (500-1000€). There are no restrictions on extra intervals of engine hours in the membership. On the other hand, we have a user guarantee for low usage. If the member has used the boat less than 5 days during its membership year, we offer a 25% discount on your next renewal fee.

Insurance

All boats are insured by Agapi with an insurance excess 4.000 - 6.000 EUR per event. This insurance excess can be reduced by an additional yearly fee of:

Category A: 300 €
Category B: 400 €
Category C: 500 €
Category D: 600 €

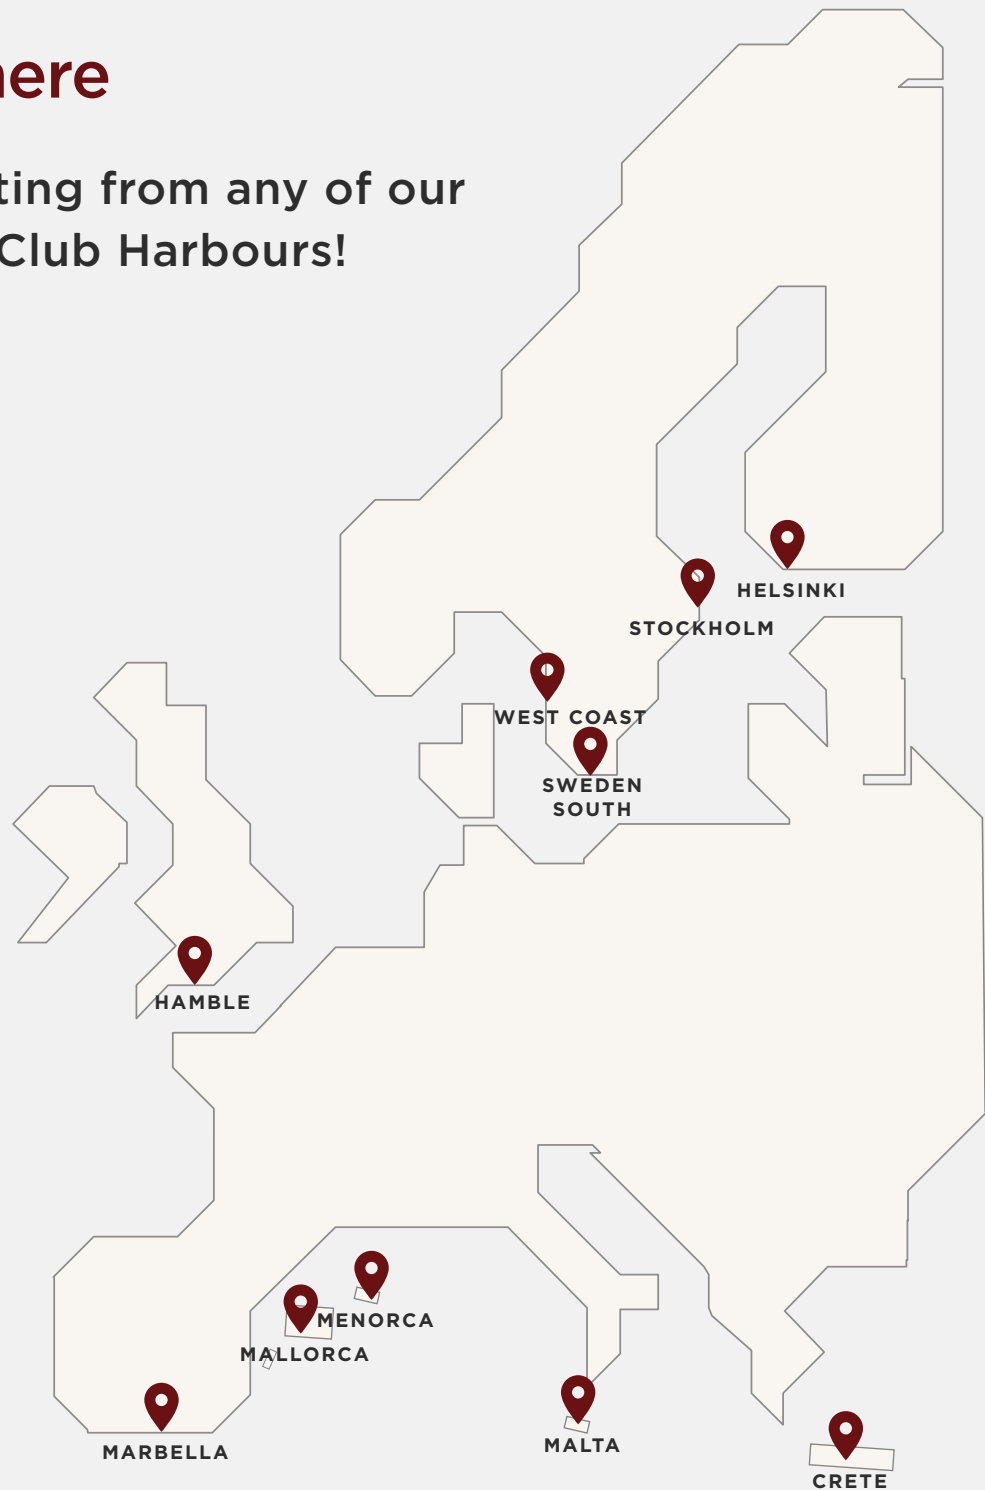

This option will reduce the excess to 900 EUR if you have a Power boat level 2 license and to 500 EUR if you have a Day skipper motor license or higher.

Business memberships or Investing in a Club boat

Agapi companies to sign up for membership, please contact your local office for more information on this. You can also invest in one of our Club boats or activate your own boat in our fleet. This allows you to combine all the benefits of having your own boat with the advantages the Club offers and a hassle-free boating life.
