Onboarding

Onboarding is mandatory and includes a practical test at sea with an Agapi instructor as well as a personal introduction meeting of our booking systems and routines. You will also get access to our online training where you learn all about our values, routines and how the boats in your membership work.

Booking of boat trips

All memberships include an unlimited number of bookings that can be done in various ways:

Spontaneous booking - All memberships include an unlimited number of so-called spontaneous bookings. These are 1-24 hour bookings that you can make within 24 hours of departure if there are boats available. In practice, this gives you the opportunity to go boating every day all year round.

Planned day - Can be booked in advance to secure access to a specific date, harbour or boat model. This type of booking can be re-used once the trip is completed (or canceled) and thus your Planned day/s become available for re-booking. The number of Planned days included depends on the membership level.

Extra day - Extra days can be used to book longer periods, such as an entire week or to book several specific dates. It is important to note that when an Extra day has been used, it is considered consumed and cannot be re-used. The price for an Extra day depends on the boat model, season and region.

Monday-Friday memberships

With the aim of preserve the maximum quality of our service, boats will not be available from the mid of December until mid of January.

Number of Captains per membership

You can always add more Captains to your membership who can book and go out with a boat on their own. To qualify as a Captain in Agapi Boat Club, the person must be 18+ years old, be registered on the same address and have undergone our onboarding. If you are interested in our Corporate memberships with multiple captains, please contact your local office for more information.

Insurance

All boats are insured by Agapi with an insurance excess 4 000€ per event. This insurance excess can be reduced by an additional yearly fee as shown below. (standard reduction fee). This option will reduce the excess to 900 EUR if you have a Basic Power boat license (RYA) and to 500 EUR if you have a Day skipper motor license or higher (Spanish PNB or higher). Other licence will be evaluated. Please contact us for more information or refer to contract for more details.

Fuelling

The boat must always be returned with at least 60% of its fuel level. If the "Refuelling" service is included in your membership, you can return the boat at a lower level, and our team will refuel it for you. As a new member you start off by topping your digital fuel account with 100 liters via debit/credit card.

Cleaning

All members are expected to check-out leaving the boat in at least the same good condition or better as when checked-in for the next member. By cleaning we mean; pick up the garbage, clean any stains, put cushions back in position, fill up the water tank and splash the boat from the salt water. After splashing the boat from salt, there is no need to put the boat covers on. We also have a no-shoe policy on all our boats the whole year.

Water sports equipment

Agapi Boat Club has a varied range of water sports equipment which is divided into Water sports level 1, and Water sport level 2, depending of the Agapi club local equipment. Empuriabrava club includes in the Unlimited membership, the Water sports level 1 pack (inflatable paddle board and donut) while Water sport level 2 (Electric Jobe Seascooter or equivalent) can be bought to an additional cost. Through Agapi Academy, you can book extra training on our boats with an experienced instructor (Boat PT). If you want to get a boating license or a coastguard certificate, we can arrange it through our partner network.

Engine hours

All memberships include 50 hours of engine usage. This is more than enough for most members considering that the normal usage for a private boat is approximately 20 hours (at Agapi Boat Club 25 hours). If the member reaches the 50 hours, a supplement is applied for an additional 10-hour engine interval (Cat.A 900 - Cat.B 1350 - Cat.C 2200). There are no restrictions on extra intervals of engine hours in the membership. On the other hand, we have a user guarantee for low usage. If the member has used the boat less than 5 days during its membership year, we offer a 25% discount on your next renewal fee (only for Unlimited Membership).
