

Global PayGo

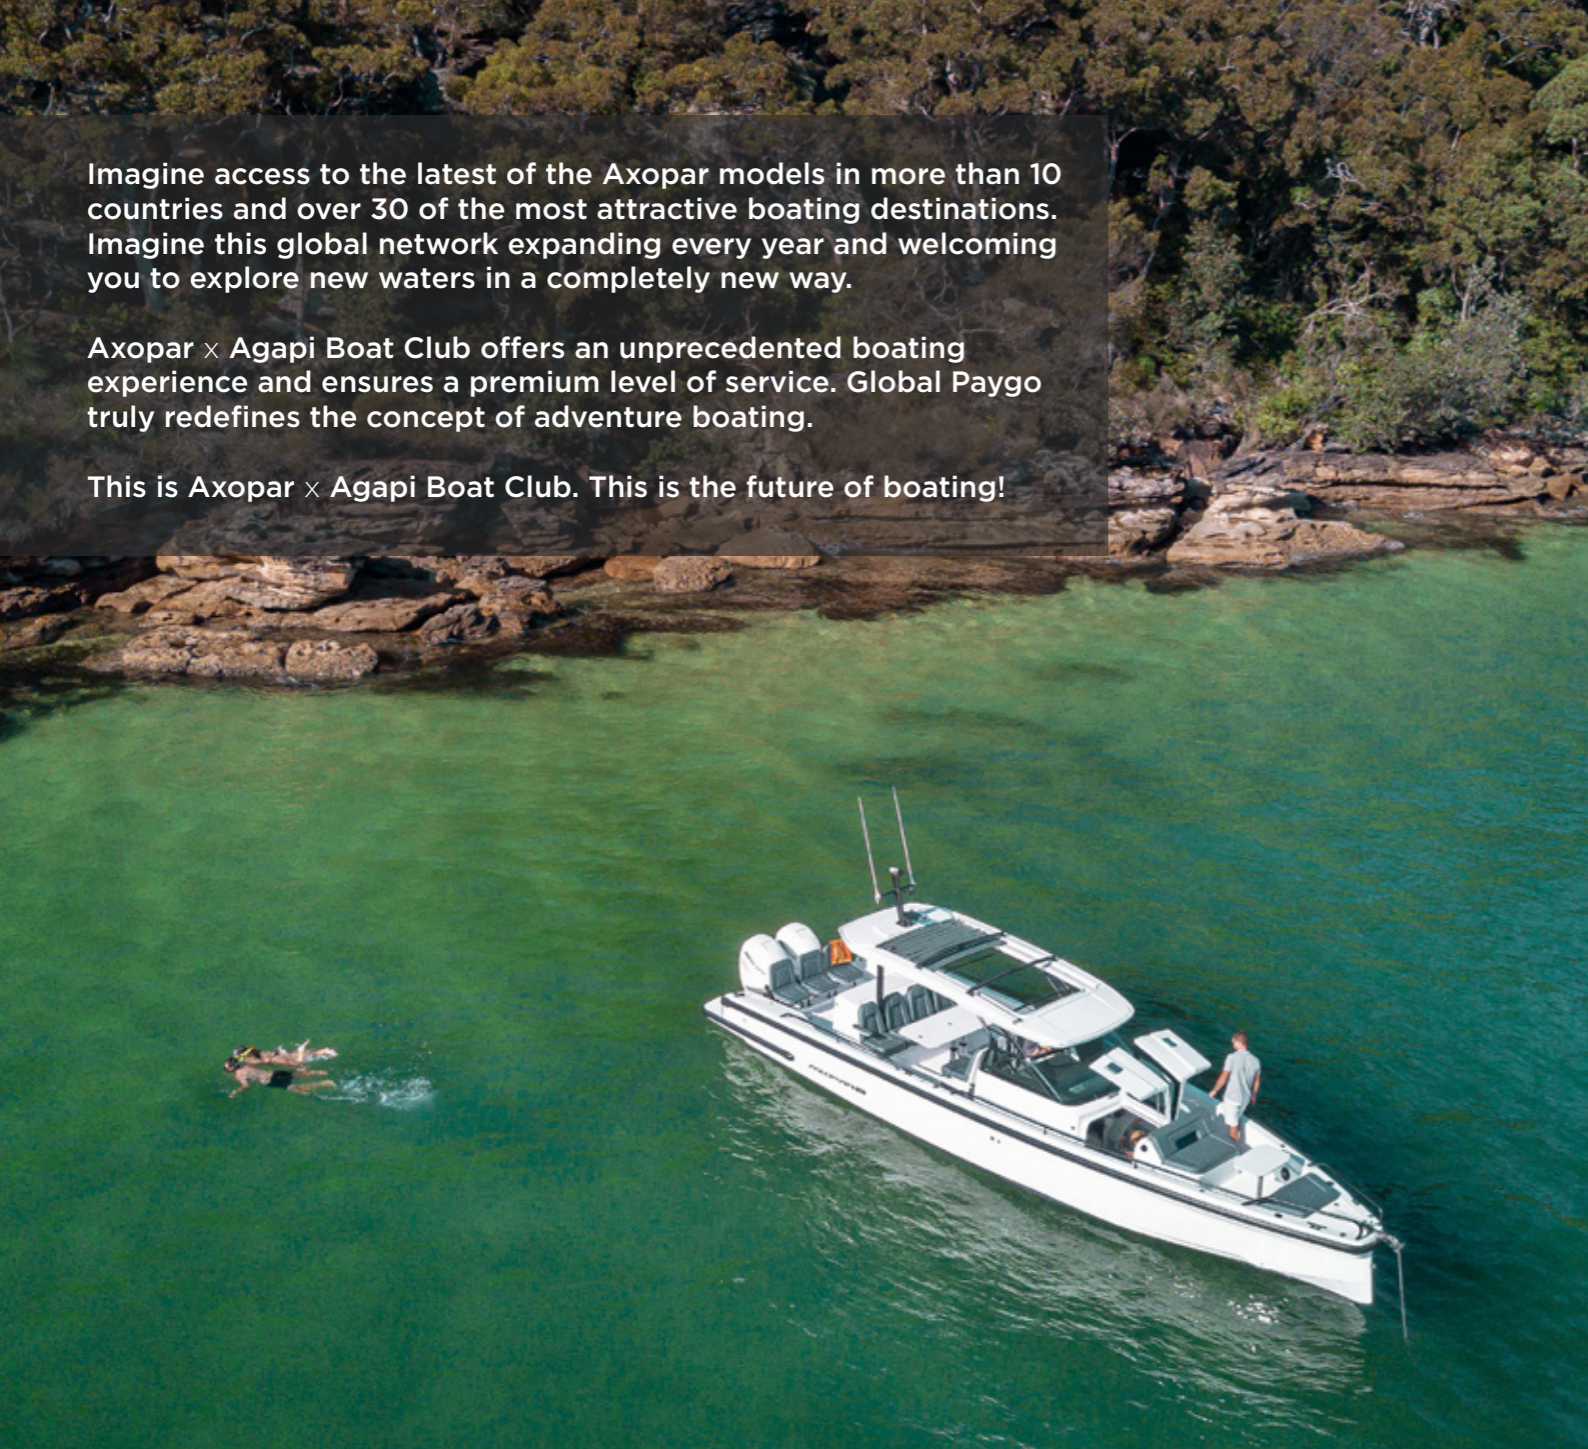

Adventure membership boating

Imagine access to the latest of the Axopar models in more than 10 countries and over 30 of the most attractive boating destinations. Imagine this global network expanding every year and welcoming you to explore new waters in a completely new way.

Axopar x Agapi Boat Club offers an unprecedented boating experience and ensures a premium level of service. Global PayGo truly redefines the concept of adventure boating.

This is Axopar x Agapi Boat Club. This is the future of boating!

What is Global PayGo

Global PayGo is an exclusive membership offered by Axopar x Agapi Boat Club to existing or new Axopar boat owners. Through this membership, Axoparians will enjoy a completely worry-free boating life with access to our fleet in any of our locations around the world

Who is it for

Global PayGo is the perfect complement for existing and future Axoparians as it will open the possibility of going boating with “your” Axopar all over the world and try out other Axopar models (as well as other brands in the different local clubs). It is also ideal for people who prefer not to own a boat and simply enjoy boating without the hassle of ownership. This membership gives you access to the entire Agapi Boat Club fleet in all our locations

How does it work

We suggest that you start by discussing your boating needs with your Axopar dealer or book an online meeting with one of our membership advisers who will answer all your questions. Once you sign the Global PayGo agreement you are ready to start your Onboarding as a member.

The Onboarding takes place in three phases. The first part is a virtual training through Agapi’s learning platform, where you learn all about “The Agapi Way”, our routines and values. The second is a personal or virtual meeting where you and your mentor go through the theoretical part of the Onboarding. The third and last part is a practical session on the boat with one of our licensed instructors in the location where you choose to go out on your first trip.

Once you completed your Onboarding, you will be fully set to go out boating. If you need to improve your boating skills we’d be delighted to offer you support and further training. As a member, you will be given access to our App for booking your boat trips, and where you can continue to learn and improve your boating skills. We also offer skipper service if at any time you’d like to make use of that service.

How much does it cost

Global PayGo belongs to our family of memberships called PayGo (Pay-As-You-Go). This type of membership gives you full control of your cost. To become an Axopar x Agapi Boat Club PayGo member you start with a low annual fee and then you pay for each of your boat trips.

We offer a first-year package for 3.500 Eur that includes 2.000 Eur of boating credit as well as e-learning and the theoretical Onboarding. At the time of your first booking you will have to take a practical Onboarding in the location where you choose to take your first boat trip.

The renewal fee for the following years of 2.000 Eur includes 1.000 Eur of boating credit.

At contract signing there is a safety deposit of 1.500 Eur which will be paid back if you decide to end your membership.
