All boats are insured by Agapi with an insurance excess 4,000€ per event. Members can subscribe to an excess reduction scheme ranging from 300 to 650 EUR depending on boat category and type of membership. This insurance excess can be reduced by an additional yearly fee as shown on the table above, "IE Standard" or "IE Premium" reduction fee. These options will reduce the excess to a higher or lower degree whether the member has a Basic Power boat license (RYA), a Day skipper motor license or higher (Spanish PNB or higher). Other licences will be evaluated.

Please note that the above reductions do not apply to incident considered gross negligence and intentional where normal insurance excess apply. Please contact us for more information or refer to contract for more details.

Customize your membership plan

Start by choosing between our boat categories A,B and C based on the boat model and size that you prefer. Lower categories of boats are always included, and you can upgrade your membership plan at any point in time. Then customize your plan choosing between the different levels of services that we offer. If not already included, you can also add any of our optional services such as refuelling or water toys to enjoy your favorite sport at sea.

Why a Club membership?

Agapi's global fleet of premium boats from 6-14m including electrical boats, offers you the possibility to choose the one that best fits your outing. In this way you can also contribute to reduce the environmental impact of each boat trip.

How do I book my boat trips?

All memberships include an unlimited number of bookings that can be done in various ways. See "Definitions" chapter for more information. From sunrise to sundown (night navigation is not allowed). Stay over night to be agreeded by local team and submitted to buoy booking proof.

Definitions

Onboarding

Onboarding is mandatory at the start of a membership with Agapi and includes access to our E-learning platform, an introduction meeting to learn about our booking system and routines, and finally a practical test at sea with an Agapi instructor. If more onboarding sessions are necessary or a member wants to go out with new boat model or higher categories, a fee of 500€ per person will be charged.

Boats

The boats are divided into four categories A, B, C and D. Once you selected your boat category, you always have access to the boats in smaller categories. If you choose category C, for example, you will also have access to the boats in category A and B. Whenever you want to go out boating with a new boat or category, you will need to do the onboarding training for that specific boat model.

Booking of boat trips

All memberships include booking of boat trips that can be done in various ways:

Spontaneous booking - Unlimited memberships include unlimited number of spontaneous bookings. These are 1-24 hour bookings that can be made within 24 hours of departure if boats are available. In practice, this gives you the opportunity to go boating every day all year round.

Planned day - The number of Planned days included depends on the membership plan. Can be booked in advance to secure access to a specific date, harbour or boat model. This type of booking can be re-used once the trip is completed or canceled and thus your Planned day becomes available for re-booking.

Extra day - Can be used to book longer periods, such as an entire week or to book several specific dates. When an Extra day has been used, it is considered consumed and cannot be re-used. The price for an Extra day depends on the boat model, season and region.

Global boating roaming

Access to boating from all our harbours globally. Some limitations and conditions may apply, depending on your membership plan.

PayGo memberships

A PayGo membership allows up to five bookings per region and maximum two consecutive booking days. Any unused boat trip credit can be transferred to the following calendar year. Boat trips are from sunrise to sundown (night navigation is not allowed). Stay over night to be agreed by local team and submitted to buoy booking proof. As a PayGo member, you can also book a boat in other regions (outside your Member Club). In that case, local fare and rules will apply and you will be asked to pay locally your boat bookings.

Business memberships

You can always add more members to your Business membership, they must be from the same company and a maximum of 5 extra members are allowed in the same membership. Please do not hesitate to ask for an offer.

Monday-Friday memberships

We offer memberships plans from Monday to Friday. Ideal for people who only want to go out on weekdays. A price deduction of 25% will be made on the chosen membership.

Off-season Unlimited memberships

We offer Unlimited memberships plans for off season that allow you the standard usage of the boat except in July and August. This is a perfect membership for people who love to go out during no crowded months. A price deduction of 30% will be made on the chosen membership.

Empuriabrava boating season

With the aim of preserving the maximum quality of our service, the boats will not be available from mid December until mid January.

Extra Captain in family

You can always add more Captains to your membership who can book and go out with a boat on their own. To qualify as a

Captain in Agapi Boat Club, the person must be +18 years old, be registered on the same address and have undergone our Onboarding. The Extra Captain includes one (1) Planned Day but not Roaming.

Extra independent family member

Extra Captain fee when he/she is an "independent" family member.

Insurance and excess reduction

All boats are insured by Agapi with an insurance excess 4,000€ per event. Members can subscribe to an excess reduction scheme ranging from 300 to 650 EUR depending on boat category and type of membership. This insurance excess can be reduced by an additional yearly fee as shown on the table above, "IE Standard" or "IE Premium" reduction fee. These options will reduce the excess to a higher or lower degree whether the member has a Basic Power boat license (RYA), a Day skipper motor license or higher (Spanish PNB or higher). Other licences will be evaluated.

Please note that the above reductions do not apply to incident considered gross negligence and intentional where normal insurance excess apply. Please contact us for more information or refer to contract for more details.

Fuelling

The boat must always be returned with at least 60% of its fuel level. If the "Refuelling" service is included in your membership, you can return the boat at a lower level, and our team will refuel it for you, but you must inform us locally. New members must start-off by topping the digital fuel account with 100 litres via debit/credit card.

Cleaning

All members are expected to Check-out leaving the boat in at least the same good condition or better as when Checked-in for the next member. By cleaning we mean; pick up the garbage, clean any stains, put cushions back in position, splash the boat from the salt water. After splashing the boat from salt, there is no need to put the boat covers on. We have a no-shoe policy on all our boats the whole year.

Deep cleaning

Once the member has secured the expected cleaning as described above, it is possible to order extra deep cleaning service.

Water sports equipment

Agapi Boat Club has a varied range of water sports equipment which is divided into Water sports level 1, and Water sport level 2, depending on the Club's local equipment. Empuriabrava Club includes in the Unlimited membership, the Water sports level 1 pack (inflatable paddle board and donut) while Water sport level 2 (Electric Jobe Seascooter or equivalent) can be bought to an additional cost. Water sports equipment must be booked in advanced and are subject to availability.

Agapi Academy

Through Agapi Academy, you can book extra training on our boats with an experienced instructor (Boat PT). If you want to get a boating license or a coastguard certificate, we can arrange it through our partner network.

Engine hours

All memberships include 50 hours of engine usage. This is usually enough for most members as the normal usage for a private boat is approximately 20 hours (at Agapi Boat Club 25 hours). If the member reaches the 50 hours, a supplement is applied for an additional 10-hour engine interval (Cat.A 900 - Cat.B 1,350 - Cat.C 2,200 EUR). There are no restrictions on extra intervals of engine hours in the membership. On the other hand, we have a user guarantee for low usage. If the member has used the boat less than 5 days during its membership year, we offer a 25% discount on your next renewal fee (only for Unlimited memberships).

Investing in a Club boat

Please contact your local office if you are interested in investing in one of our Club boats or if you would like to include your own boat in our fleet.
